SAP Technical consultant

Citizenship: Russian Federation

Date of birth: **05.08.1978**

Marital status: married

Professional Summary

Experienced ABAP developer with 8+ years providing implementation, development and support of SAP systems, with total experience in IT more then 12 years. Participating in 6 full-cycle completed projects with SAP R/3 implementations for international and local companies with different business areas such as: pharmaceuticals, big retails, manufacturing, treasure, state structures. More then 6 projects of support and adaptation of SAP R/3. Deep knowledge of technical aspects of implementation, development and customizing of modules MM, SD, LE, FI. High level of knowledge of development and system tuning methodology. Efficient and quality tasks decision of any complexity in the technical design.

Education

1995-2000	University:	Lomonosov Moscow State University
	Place:	Moscow, Russia
	Faculty	Mechanics and Mathematics
	Specialty:	Applied mathematics

Professional Experience

2007/09 –	SAP Freelancer	
	Position:	SAP Consultant
	Projects/Tasks:	
	<ul style="list-style-type: none"> • MARS <i>Industry: International food manufacturer and seller</i> (http://www.mars.com) - Support, - Duration: (08/2011 – 10/2011). - Place: Moscow region, Russia. - System: SAP ECC 4.7, modules SD/MM. <p><i>Development tasks:</i></p> <ul style="list-style-type: none"> - EDI Development and customizing. New connections, mapping. - Customizing and enhancement IDocs (EDIFACT: REQOTE, ORDERS, ORDRSP, DESADV, RECADV, INVOICE). - Documents Flow reports and enhancements. 	

Development tools:

- EDI/Idoc, ALE, Workflow
- Optimization and performance
- Object oriented objects.
- Enhancements (BADI, u-exits)

• **Severstal**

IBM subcontractor

Industry: Russia's largest steel producer (<http://www.severstalgroup.com>)

- New Implementation,
- Duration: (04/2011 – 07/2011).
- Place: Moscow, Russia.
- System: SAP ECC 6.0, modules FI/CO.

Development tasks:

- Russian Add-On adjusting and adaptation.
- VAT Declaration reports and forms.
- FI postings enhancements.
- Customer/vendors reports.
- Mass FI postings interfaces.

Development tools:

- Dialog programs, transactions, Reports
- Optimization and performance
- Output Forms (PDF Adobe forms)
- Object oriented objects.
- Enhancements (BADI, u-exits, Open FI)

• **Ipsen Pharma**

Industry: Worldwide pharmaceutical company (<http://www.ipsen.com>)

- Implementation, Roll-out project.
- Duration: (10/2010 – 04/2011).
- Place: Moscow, Russia.
- System: SAP R/3 5.0, modules SD/LE/MM/FI.
- Go live: 2011/01.

Development tasks:

- Russian Add-On adjusting and adaptation.
- Russian pharmacy specifics realization. Extensive pharmacy authority regulated output documents a lot of output documents for whole logistics chain.
- Purchasing and Sales reports with full flow documents.
- Customs Declaration management, history, pricing, characteristics.
- Batch management, determination logic.
- Payment orders interface via DMEE.

Development tools:

- Dialog programs, transactions, Reports
- Optimization and performance
- Output Forms (Smartforms)
- Object oriented objects.
- Enhancements (BADI, u-exits)

• **Euroset Russia**

Industry: The biggest retail company (<http://www.euroset.ru>)

- Implementation/Support
- Duration: (06/2010 – 09/2010).
- Place: Moscow, Russia
- System: SAP 4.7 and ECC 6.0, modules SD/MM/FI

Development tasks:

- System migration from 4.7 to ECC 6.0 version.
- Management of purchasing and material movement process.
- Distribution and adjustment of incoming and outgoing IDocs.

Development tools:

- IDocs interfaces
- ALV Reports
- Object oriented objects.
- Enhancements (BADI, u-exits)

• **Inchcape Company**

Industry: Auto dialers network (<http://www.inchcape.com>)

- Implementation
- Duration: (06/2010 – 07/2010).
- Place: Remote.
- System: SAP ECC 6.0, modules SD, DBMS

Development tasks:

- Output print forms for sales, leasing, repair, trade-in automobiles. (contracts, deals, work orders etc).

Development tools:

- Adobe PDF print forms.

• **Ministry of Emergency Measures**

Industry: Government (<http://mchs.gov.ru>)

- Implementation
- Duration: (03/2010 – 04/2010).
- Place: Moscow, Russia.
- System: SAP ECC 6.0, modules PS, PM, FI.

Development tasks:

- Data Migration Interfaces.
- Projects reports.

Development tools:

- Data Migration Interfaces.
- ALV Reports.
- Object oriented objects.

• **Sandoz Russia (Novartis Company)**

Industry: Worldwide Pharmaceutical Company (<http://www.sandoz.com>)

- Implementation, Roll-out project.
- Duration: (06/2009 – 11/2009).

Place: Moscow, Russia

- System: SAP ECC 6.0, modules MM, SD, LE, FI, CO.
- Go live: 2010/01.

Development tasks:

- Russian Add-On adjusting and adaptation.
- Russian pharmacy specifics realization. Extensive pharmacy authority regulated output documents a lot of output documents for whole logistics chain.
- Purchasing, sales and finance reports with full flow documents.
- Customs Declaration management, history, pricing, characteristics.
- Payment orders interface via DMEE.
- Bank statements upload interface.

Development tools:

- Dialog programs and transactions (ALV (Grid, Tree, List); BAPI, Batch-Input;).
- Customer/Users enhancements (Enhancement frame points; BADI, Open FI; Substitutions).
- Data migration/Export/Import (LSMW, DME Engine, file interfaces)
- Development of print forms (Adobe PDF forms, Smart Forms).
- Optimization and performance

• **Alpha Cement (Holcim Group).**

Industry: Manufacture and distribution (<http://www.holcim.com>)

- Migration to the International global platform (Holcim Group).
- Duration: (07/2008 – 05/2009).
- Place: Moscow, Russia.
- Go live: 2009/01.
- System: SAP R/3 4.6C, modules MM, SD, FI, CO. SAP R/3 6.0, modules HR.

Development tasks:

- System migration from local system into global one.
- HR output printout forms

Development tools:

- PDF Adobe forms.
- The same as on implementation phase.

• **Alpha Cement (Holcim Group).**

Industry: Manufacture and distribution (<http://www.holcim.com>)

- Implementation, Roll-out project.
- Duration: (09/2007 – 07/2008).
- Place: Moscow, Russia.
- System: SAP R/3 4.6C, modules MM, SD, FI, CO.
- Go live: 2008/01.

Development tools:

- Dialog programs and transactions (ALV (Grid, Tree, List); BAPI, Batch-Input;).
- Logical Databases
- Customer enhancements (User-Exits (CMOD); BADI, Open FI; Substitutions).
- Reports (SAP-Queries, Report writers)
- Data migration/Export/Import (LSMW, DME Engine, ALE)
- Development of print forms (Smart Forms; SAP-Scripts).
- Optimization and performance (dynamic analysis; SQL trace).
- Russian SAP Add-on

• **Dr. Oetker**
Industry: Products Manufacture (<http://www.oetker.com>)

- Support
- Duration: 2008/04.
- Place: Moscow, Russia.
- System: SAP R/3 5.0, module SD, FI

Development tasks:
 - Development of print forms (Smart Forms; SAP-Script)

• **L'OREAL Russia**
Industry: Cosmetics (<http://www.loreal.com>)

- Remote Support
- Duration: (part time, remote; since 2007.)
- Place: Moscow, Russia
- System: SAP R/3 4.6 ECC 6.0, modules MM, FI, SD, LE

Development tools:

- Customer enhancements (User-Exits (CMOD); BADI, Open FI; Substitutions).
- Dialog programs and transactions (ALV (Grid, Tree, List); BAPI, Batch-Input;).
- ALE/IDOCs; RFC; Batch-Input
- User's file interfaces

2006/03 – 2007/08	Company:	RADEC Ltd

<ul style="list-style-type: none"> • <i>Development for IS:Enterprise 7.7 (Accounting; HR; Trade and Stock):</i> <ul style="list-style-type: none"> - Design and development of new configurations, support, administration standard configurations; consolidation data of branches and head; reports, tools, OLE interfaces - Migration data. • <i>Design and development data bases and application programs:</i> <ul style="list-style-type: none"> - Data bases (MS-SQL/MySql). - Application programs (MS Visual C/C++). • <i>Administration of servers and workstations:</i> <p>Windows; Linux; Web servers; File servers; MS-SQL/MySql servers. TCP/IP nets.</p>		

Professional knowledge and skills

SAP/R3 (ABAP)	Level:	Expert
	Used:	8 years
	Last Time:	currently
	Notes:	
<p>Technical knowledge of SAP modules MM, SD, LE, FI, CO Development: Dialog programs and transactions; reports; function modules; libraries; customer enhancements; optimization; data migration interfaces;</p> <ul style="list-style-type: none"> • <i>Functionality:</i> ALV (Grid, List, Tree). Dialogue programs, BAPI, Batch-Input; OLE2, Object-oriented programming; EnjoySAP Controls; RFC; SAP Queries; Logical Databases; CATT/ECATT; lock objects; authority objects; data dictionary; IMG customizing. 		

	<ul style="list-style-type: none"> • <u>Customer enhancements</u>: User-Exits (CMOD); BADI; Open FI; PSCD Events; Field-Exits; Substitutions; replacements; Enhancement Spots • <u>Print forms</u>: Smart Forms; Sap Script; PDF Adobe forms, OLE2 (Excel) • <u>Data migration</u>: LSMW; DME Engine; ALE/IDOCs; RFC; Batch-Input; User's file interfaces; • <u>Tuning and performance</u>: Dynamic analysis; programs logic tuning , types of internal tables, variables etc; tuning of SQL queries (including Native SQL); trace and analyze of SQL statements; data base indexes; dumps analyze;
1S:Enterprise	Level: High
	Used: 4,5 years
	Last Time: 2005 Year.
	Notes: Versions: 1Sv6.0; 1Sv7.5; 1Sv7.7; Modules: Accounting, HR, Trade, including SQL versions. Tasks: support of 1S:Enterprise, development, administration, new configurations and bases. Externals reports, tools; migration data.
PHP	Level: High
	Used: 4 years
	Last Time: 2006 Year.
	Notes: Development of web portals, shops; libraries; forums; guest books; mail list interfaces, users management; data base management SAP integration (by RFC).
Perl	Level: Высокий
	Used: 3 years
	Last Time: 2005 Year.
	Notes: System scripts for Nix* OS. data base management scripts; mail robots; web CGI scripts; SAP integration (by RFC).
C/C++	Level: Medium
	Used: 2,5 years
	Last Time: 2004 Year.
	Notes: Development of applied programs for mathematic and computational methods. System programs for Nix* OS. Applied and user programs; dynamic libraries for Windows including using Microsoft WIN32 API.
HTML (CSS)	Level: High
	Used: 4 years
	Last Time: 2004 Year.
	Notes: Development of html templates; static web pages; web design; using for dynamic web scripts;
Java Script	Level: High
	Used: 3 years
	Last Time: 2004 Year.
	Notes:

XML/XSLT	Level:	High
	Used:	2 years
	Last Time:	2006 Year.
	Notes:	
	Templates and styles XSLT for web applications; XML data templates; design of meta data; XML for migration data interface; processing templates;	
Data Bases		
		Level
	MSSQL	High
	MySQL	High
	Notes:	
	Administration; design; tuning; diagrams; links; storage procedures; views; functions; triggers; testing; SQL queries tuning and performance.
